*A portion of this land adjacent to the Foresters Arms currently houses the gas tank for the community pub. As per the resolution made under item 3 of the Parish Council meeting held on 17th February 2015, whilst the Foresters Arms remains a community pub, the gas tank area can remain. This will be reviewed if the Foresters Arms ceases to be a pub.

**Approximate Land value increased by 5% in 2020 by the council to reflect the general increase in land value that has occurred over the last decade. No increases in the value of the land have been applied for at least 10 years, so this was a conservative estimate. A valuation was not carried out by an official valuer and therefore may be subject to change.
